As a general rule students are transported to and from a bus stop near their home residence. In limited circumstances the district may provide transportation to a bus stop or an address other than your home address. For example, a caretaker's residence or day care provider. In order to qualify, the student must designate this non-home address as the permanent pick up or drop off address.

Please indicate your home address: _____

Use this address for pick up and drop off: Yes _____ No _____

If no, please indicate the address that should be used for pick up and/or drop off.
